# 3D medical event

24th of May,  
1500h-1800h including drinks.

Dear colleague in the medical or technical profession,

On Friday 24th of May the University Medical Center Utrecht, the Field lab 3D Medical and University of Applied Sciences, will organize a 3D Medical Lecture. This Lecture will include presentations of several clinical experts who will cover their latest practices with 3DMedical enabling technologies and their application in surgery.

Additionally you can show your innovations in the field of 3D Medical on our innovation market (please mail to [innovatie@umcutrecht.nl](mailto:innovatie@umcutrecht.nl)).

Registration: <https://www.eventbrite.com/e/3d-medical-registration-60046114545?aff=3DMedical>

Other questions: [innovatie@umcutrecht.nl](mailto:innovatie@umcutrecht.nl)
